OVERVIEW

As one of the pioneering Targas on the East Coast of the United States, 007 has been expertly designed for speed and efficiency, making it perfect for extended sea adventures in any season. With only 200 hours of use, this yacht is in excellent condition and has always been kept in indoor storage during the off-season.

007 features an impressive capacity for waste and water, offering over 80 gallons of fresh water and 40 gallons of waste storage. This ensures that a full crew can enjoy refreshing showers for an entire week without the concern of running out of water. The yacht can reach an exhilarating top speed of 38 knots when fully loaded with fuel and water, while comfortably cruising in the high 20s at 2,600 RPM. Enhanced with additional teak accents on the lockers, seating, and bow, the interior also showcases beautiful teak paneling on the walls of both the front and aft bunks.

This yacht for sale presents a fantastic opportunity for anyone looking to buy a yacht in the current boat location. Discover the luxury and performance of 007, a standout option in yacht sales in the current boat location. Don't miss your chance to own this remarkable vessel!
