OVERVIEW

2021 Skater 50

Introducing the stunning 2021 Skater 50 "Kong," a remarkable vessel powered by Mercury Racing 1350/1550 engines and M8 Drives, boasting approximately 130 hours of exhilarating performance. This luxurious yacht comes complete with a white painted trailer, making it an exceptional find in the current boat location.

The engines have been utilized only once in 1550 mode, with less than 130 hours logged in 1350 mode. This yacht for sale includes three sets of Mercury props (35", 37", and 39") and has been expertly rigged and maintained by TNT Marine. The exquisite paint scheme, crafted by Doug Harrell Designs, and the elegant interior by Jamie Borg, showcase meticulous attention to detail.

Equipped with a state-of-the-art marine AC system, a six-station master mono intercom featuring a wireless neckband by Tiger Performance, and a Fusion touchscreen stereo system powering JL Audio speakers, this yacht offers both comfort and entertainment. The Skater triple axle deluxe trailer is also included, along with a tonneau cover and a custom rug.

This exceptional vessel is owned by a seasoned performance boater who collaborated with Skater for its construction before entrusting it to TNT Custom Marine for rigging. The King Kong theme is beautifully integrated throughout the yacht, even under the hatches. Currently located at TNT Marine Center, this yacht sale requires an appointment for viewings. Don't miss the opportunity to buy a yacht that embodies luxury and performance in the current boat location.
