Kenyon burner replaced in 2023

Microwave updated in 2023

Night vision technology added in 2023

New generator installed in 2023

Zipwake trim tab system installed in 2023

This exquisite cold-molded Custom Gentleman's Motor Yacht 'NOI QAUTTRO' stands out as the pinnacle of her class, radiating elegance, comfort, and performance in a beautifully understated design.

Crafted with the aesthetics of an Express Cruiser / Downeast / Lobster / Picnic Boat, this yacht distinguishes itself from others that often feature "corridor accommodation." The impressive wheelhouse deck galley allows for the preparation of a full meal for six, utilizing the electric BBQ, while below decks, a spacious U-shaped saloon and a fully equipped main galley await, complete with a comprehensive inventory of domestic appliances.

This vessel is not merely for casual lunches and dinners; it is a splendid motor yacht designed for extended voyages with family and friends. With accommodations for eight adults, featuring two double cabins and two convertible U-shaped saloon seating areas, it is perfect for socializing and relaxation.

The master cabin boasts an expansive full-beam layout between the cabin door and the foot of the island bed, creating a sense of space akin to a much larger yacht. The high-quality interior joinery and fittings enhance the home-like ambiance throughout.

A second bathroom located at the foot of the companionway serves as a day/guest head, while a self-contained guest cabin provides friends with their own private quarters.

Equipped with the latest Volvo IPS engines, featuring twin counter-rotating propellers mounted on steerable pods beneath the hull, this yacht offers unparalleled 360-degree docking capabilities, improved fuel efficiency, and reduced emissions. The design minimizes noise and exhaust fumes, eliminating the typical diesel odor often associated with conventional motor yachts when cruising at low speeds.

The dedicated Yacht Controller Maximo System, paired with Volvo Penta's IPS / Joystick control, allows for effortless handling with remarkable precision, making docking and maneuvering in tight spaces a breeze. Forget about complicated maneuvers in busy marinas; simply direct the control in any direction, and she will respond accordingly. At higher speeds, you can also navigate with precision using the conventional wheel and throttle controls.

The spacious cockpit, complete with a retractable bimini shade, features a hydraulic lifting tender lift/bathing platform, a standout feature of this motor yacht. Whether lowering it just above or below the water's surface for swimmers or using the remote control to lower it further for easy tender loading, this platform enhances the overall experience.

At sea, the hull of this Gentleman's Motor Yacht performs exceptionally, thanks to the renowned TT Boat Design team, creators of the esteemed Nelson range and other notable leisure and commercial hull designs.

With a striking blue hull, white superstructure, varnished toe rail, and superyacht-quality stainless steel anchor, rails, and fittings, along with her

exposed laminated wheelhouse frames, she captures the attention of even the largest superyachts when docked.

Owner's Remarks

This stunning motor yacht is a gentle and kind vessel, cherished by her current owner, who hopes she will be equally adored by her next caretakers.

Broker's Insights

The global demand for Express Cruiser / Downeast / Lobster / Picnic Boat styled Motor Yachts from esteemed brands like Hinkley Talara, Grand Banks Eastbay, Back Cove, and others has led to the creation of numerous custom and semi-custom boats. This Gentleman's Motor Yacht exemplifies that passion through its first and subsequent owners, featuring highlights such as the hydraulic bathing platform for safe swimming and tender launch, laminated wooden frames around the wheelhouse, and a spacious saloon and ensuite master cabin with an island berth. With meticulous maintenance and recent upgrades, including monthly bottom cleaning by a professional diver, this yacht is a must-see for any discerning buyer.

Having spent considerable time enjoying this remarkable motor yacht, I highly recommend scheduling a viewing.

This vessel is USCG Registered for secure title transfer.

US Duty has been paid.
