OVERVIEW

Expertly constructed by the renowned Cherubini shipyard in New Jersey, this American-crafted, single-engine pilothouse yacht is perfect for those seeking serious cruising capabilities and liveaboard luxury. Conceived by designers Gary Grant and James Backus, it boasts a stable, long-keel hull that negates the need for stabilizers. Powered by an efficient Cummins 450hp diesel engine, it offers an impressive range of 1,800 nautical miles at a speed of 7.6 knots. The yacht features expansive side decks leading to a well-equipped pilothouse with sweeping views. Below deck, the roomy saloon and Quartzite-accented galley are outfitted with full-size appliances, a washer/dryer, and exquisite teak and holly finishes. Accommodations include a forward owner's suite with a walkaround queen bed, ensuite bathroom, and separate shower, along with a flexible guest cabin that can be converted into an office. A fully enclosed aft deck, an upper deck with a dinghy and davit, and a summer galley complete this cruiser's meticulously designed, liveaboard-ready features. Ideal for those looking to buy a yacht, this vessel is currently available for sale in its current boat location, offering a unique opportunity in yacht sales.
