OVERVIEW

If you're familiar with Blackwood yachts, you understand that while many boat manufacturers emphasize product enhancement, Blackwood truly excels in delivering exceptional quality. This stunning 27' offshore model showcases elegant design and opulent features. You'll immediately appreciate the upgraded cushioning, beautifully presented in a Sky Blue palette complemented by cream accents.

The 27 Offshore is engineered with a performance-modified V hull, ensuring impressive speed and stability, even in choppy inshore waters. Equipped with two macerated fish boxes and three live wells, this vessel provides ample versatility for various fishing scenarios. The innovative Blackwood design incorporates a lower freeboard, reducing weight and enabling the twin 300 Yamahas to swiftly transport you to your favorite fishing grounds. The trim tabs facilitate load balancing, while the generous 130-gallon fuel tank ensures you can reach and return from nearly all fishing locations along the west coast of Florida. With a draft of just 20", you can navigate the flats even on blustery days. An automatic setup trolling motor is also included for your convenience.

Electronics:

This yacht for sale comes equipped with dual Simrad combo touchscreen and knob control displays, featuring depth sounder, GPS, and HD radar capabilities. Enjoy your favorite tunes with the modern Fusion stereo system, complete with Bluetooth connectivity.

A standout feature of this vessel is the bow casting platform, which can be easily removed for quick conversion into additional seating. The well-appointed head includes a sink and countertop, while swim ladders are conveniently located on either side of the swim platform.

Blackwood yachts utilize Kevlar for enhanced bottom rigidity and superior resistance to punctures compared to standard fiberglass construction.

Additionally, Blackwood provides a limited lifetime hull warranty, ensuring peace of mind for your yacht sale investment. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies luxury and performance.
