OVERVIEW

AVAILABLE JUNE 2025

Introducing the Numarine 30XP, a pioneering diesel-electric yacht for sale, crafted to satisfy the most discerning yacht enthusiasts. Celebrating Numarine's 20th anniversary, this innovative model is the first in their explorer yacht category to offer optional diesel-electric propulsion. As the 26XP and 32XP models continue to captivate, the 30XP fills a strategic niche in the lineup. With three units already sold, the yacht's molds are in production, and the first launch is set for August 2024.

The 30XP stands out with its superior noise and vibration reduction features. Advanced soundproofing, cutting-edge insulation, and high-volume mounts minimize generator noise, while flexible couplings and thrust bearings reduce vibrations. Lightweight partition walls enhance acoustic privacy, and the HVAC system's specialized labyrinths ensure a serene environment, whether cruising or anchored.

This luxury yacht accommodates up to ten guests in five en suite staterooms, including a master suite on the main deck with floor-to-ceiling windows and unique bulwark cut-outs for breathtaking ocean views. A fold-down balcony adds to the allure.

The yacht's social areas are equally impressive. The main salon, with its large windows, offers a welcoming escape, while the aft deck and covered sundeck are perfect for alfresco dining. The semi-open beach club at the stern boasts an elevated design, creating a spacious 43 sqm area just below the main deck. Additional features include three fold-down platforms and a side-loading tender bay for a 5.65-meter tender.

Designed by Can Yalman and Ofist, the interior complements the yacht's sophisticated profile. A raised pilothouse and forward sun pad provide private lounging spaces. Crew accommodations for five are thoughtfully located on the

forward lower deck. Buyers can choose between two propulsion options: the eco-friendly diesel-electric system or the traditional drive train with twin 560-hp MAN engines.

Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies luxury and innovation.
